Natural beauties of pisa

Pisa: the best city in the world!

MARINA DI VECCHIANO..

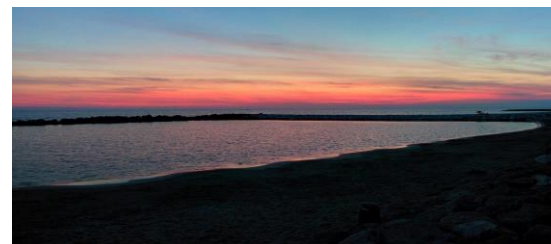

.Vecchiano Marina, the beach of San Rossore Migliarino Park, protected natural heritage, is easily accessible because it is located close to major roads, which allow you to get there in a short time from Pisa, Lucca, Florence and

LAGO DI MASSACIUCCOLI..

Lake Massaciuccoli (in the province of Lucca) is a coastal lake in Tuscany. The lake and the marshy area around are part of the Natural Park of Migliarino, San Rossore, Massaciuccoli and LIPU oasis, given the numerous bird species.

MARINA DI PISA..

The area extends from NW to SE along the Ligurian Sea, and is bordered on the north by the Arno River, to the east by the coast Pisa pine forest from Lamone canal and the village of San Piero a Grado, south of the village of Tirrenia. The climate is distinctly Mediterranean, dominated by south western winds of south-west causing quite frequent storms.
